A Time For Every Purpose

# One life Fulfilled

In the end, it is just about impossible to express what it meant to Mount de Sales that Sister Mary Fidelis Barragan, R.S.M. was its principal for 17½ years. To make a simple list of the changes that occurred at our school would be to trivialize them, and to oversimplify the challenges that were met, and the vision of the future which Sister Fidelis saw so clearly.

Sister Fidelis came to Mt. de Sales on June 1, 1970 to teach English, and became principal within a year. Sister came to MDS in the same year when many members of the Class of 1988 were born; when she announced her resignation on January 9, 1987, Sister Fidelis had been at MDS longer than she had been in any one place since graduating from St. Vincent's in Savannah and entering the Sisters of Mercy.

In the years before she came to Mt. de Sales, Sister had had assignments in Pensacola, Savannah, Mobile and Baltimore. She arrived at MDS just in time for the 1970's, a decade in which ten other private schools opened in Bibb County. In that decade, the MDS student body continued to grow despite the fact that there were many more private schools that were available to parents who chose private education for their children.

A few simple statistics illustrate the changes that have occurred at MDS since Sister Fidelis became principal. The student body has grown in size from 323 to 540. The senior class has more than doubled in size. Minority students now make up 14% of our student body; in 1970, minority students accounted for only 2% of the total enrollment. In 1970, 63% of the student body was Catholic; today more than half our students are of other faiths, making MDS a school of diversity unmatched in Bibb County.

When Sister Fidelis first came to MDS, there were 10 Sisters of Mercy on the faculty, where today there are only three. This is one of the greatest challenges that confronted Sister: how to take MDS from a time when the faculty was predominantly religious to a time when lay teachers would predominate. To those who were accustomed to the presence of Sisters in the classrooms, this was a major change! One of the least understood aspects of this change in faculty is the fact that tuition has had to increase in order to make up for the loss of donated services of those Sisters of Mercy who used to teach at MDS. In these 17 years, Mt. de Sales attracted a talented and devoted faculty. Ten of our current teachers have been on the staff for ten years or more, and 61% of the faculty have earned Master's Degrees.

Mt. de Sales has moved to meet the challenges that have accompanied a changing educational atmosphere in Bibb County. First, an 8th grade was established in 1974 in response to a public school decision to end their elementary programs after grade 7. Again this year MDS moved to meet its future by establishing a 7th grade and incorporating it into a fully self-contained Middle School. These things sound simple enough, but they are evidence of the rigorous demands of a changing educational environment, and MDS has adapted and grown by moving to meet those changes, instead of waiting for them to pass by. Sister Fidelis' leadership in this period of growth was instrumental.

One of greatest challenges Sister Fidelis faced when becoming our principal was the need to restructure our religion curriculum. As she noted in her final Administrator's Report, students in 1970 had a "negative attitude . . . toward their daily religion classes, an attitude re-

flective of the rebellious 60's." Also, "religion faculty . . . wanted to teach courses in the new spirit of Vatican II," a spirit of openness and candor, in which the Church (in the words of Pope John XXIII) "threw open the windows and let in the fresh air of the 20th century." These real concerns were met with a new religion curriculum, stressing individual spirituality that would be "tangibly present on our campus and personally treasured by students and faculty." Religion classes are now enjoyed by more students than ever, and the regular and frequent opportunities for prayer and worship on campus strengthened the primary mission of Mt. de Sales as a Catholic school. A recent graduate described the special spiritual atmosphere of MDS when he wrote of the "constant presence of God on campus."

Today, MDS students better appreciate the opportunities afforded in this Mercy school, for growth and comfort. In that sense, religion is more important to us than ever before. That challenge, too, has been successfully met.

The Mt. de Sales campus has undergone a dramatic change during Sister's tenure. De Sales Hall, Burke Hall, Rose Place and the Middle School - all these facilities have come into use. Property near the campus has been purchased, to meet future needs, which are not yet specific. This campus expansion is all part of a program of development that Sister Fidelis began in 1978. The focus of our development program is to identify those sources of support - support of all kinds, not just financial - that can help assure that MDS can move into the future with confidence. The Development Program has had a strong beginning under Sister's guidance, and it is this lifeline to our future that represents another challenge successfully met.

Sister Fidelis helped MDS to meet these challenges, but she has left her mark here in other ways as well. Sister wanted our school to have an atmosphere consisting of academics, athletics and the arts. Our mixed chorus is an excellent example of the dedication that Sister feels for the arts, and her determina-

Sister said goodbye to many of her friends at Candlelight Carol service . . .

. . . and to the student body on December 18th.

tion that our students have the chance to develop an appreciation for the arts in their years here. Sister recalls that "in the traditions of Mt. de Sales, the arts were significantly important to the educated young lady." Her efforts to revive the arts at MDS have begun to be appreciated.

Much changed during those 17½ years. They occurred during Sister Fidelis' tenure, and were accomplished with the help and cooperation of parents, teachers, friends and students. Sister led MDS, combining her insight and energy with the talents and enthusiasm of others, to produce an institution characterized by an attitude of excellence. In accomplishing this mission, Sister earned for herself the reward promised by the prophet Daniel: *Those who instruct others to justice will shine like stars for all eternity.*

The Director of Development is responsible for the overall management, planning and implementation of a program which supports the school's mission and generates support from alumni, parents, friends, corporation and foundations.

A development officer is a versatile personality who performs many different tasks. He is an ambassador, a negotiator, an interpreter, a salesman, a planner, a researcher, a juggler, and a person with a good sense of humor and balance.

A successful development program depends upon good communication between the school and all of its interested parties. Development attracts friends, promotes the school's mission and goals, speaks about our talents, and nurtures the dialogue between the school and all whom it serves.

Development requires a long-term effort and the involvement of many people. It demands passion, dedication and energy, and I am looking forward to the challenge.

# A Time For Every Purpose

As Managing Editor of the 1988 *Salesian*, I have viewed this school through eyes unique to me. I have been challenged to represent Mount de Sales — its realities, and its ideals. Questions have been posed and decisions have been made concerning how to portray the year's events so that they are more than mere depictions. Each photograph and each caption captures a range of emotions, emotions that are meant to color our high school years.

High school memories are produced by involvement in school activities. Being part of any high school athletic team or academic team means working together toward a goal, learning about each other in the process, and accepting the results, whether or not they are successful. Losing is as much a part of belonging to a group as is winning. Along with my senior classmates, I was disappointed when our football team finished in a last-place tie in the region. Even further, I was heartbroken when our varsity boys basketball team lost yet another game at the state championship tournament. Even though it didn't provide much consolation at the time, if looked at from another perspective, these losses can be seen as having had a purpose. Losses, and wins, are learning experiences from which we gain integrity and strength.

This philosophy characterizes the academic scene, too. Despite

the significance of grades, knowledge is more than what we learn in classrooms. Knowledge comes from experience inside and outside of class. When you get right down to it, no one is going to remember who got what grade in Physics. More importantly, perseverance makes the difference in what we gain from life.

If academics, athletics and activities constitute our school, what makes Mount de Sales special? What motivates us to participate in activities, to go beyond academic concerns to the broader concerns that affect us all? A certain atmosphere exists at MDS, resulting from a combination of academics, athletics, activities and *worship*. Our school days begin with prayer, a powerful blessing for all of us each day. We pray to God for safety and for guidance. Even further, we asked for God's blessing on Moving-Up Day, as we prepared for the responsibilities of the upcoming year. The spirit that characterizes the campus and the concern we have for others is witnessed in the way we collect gifts and food for the needy. We have gained a generous spirit at MDS, one which has compelled us to donate to Covenant House and to support our school through the tough times.

As a student at a small school I have gotten to know much of the student body. As a senior, however, the "best years of my life," my high school years, are about to end. I will face a new world, one where I do

not know as many people. Consequently, the freshman firsts are giving way to the senior lasts — pep rally, football game, basketball game, baseball game, cheer, Mass, day in high school. Our comfortable senior positions — those waited for all those years — will be replaced with nervous freshman positions at college.

The *Salesian* is an experience for those who allow themselves to remember high school with their hearts as well as their heads. The spirit that envelops the campus permeates this yearbook in a way that bonds us together as Cavaliers, and together we have learned that there is a time for every purpose under the heavens.

Love,

*Pam*

MDS was very fortunate to have two Sisters of Mercy as Principal this year. Sister Mary Rosina, R.S.M. became our Principal c January 1st, succeeding Sister Mary Fidelis, R.S.M., who resigned at the end of the first semester, and is now preparing for a new care at St. Joseph's Hospital in Atlanta.

*Mr. Chester Pierce* (right) graduated from MDS in 1966 and returned to his alma mater in 1973. He is our Assistant Principal and Financial Manager.

Over the past few years, the costs of operating our school have increased and the methods of managing the school's finances have become much more sophisticated. Mr. Pierce is responsible for the day-to-day financial operations at Mt. de Sales.

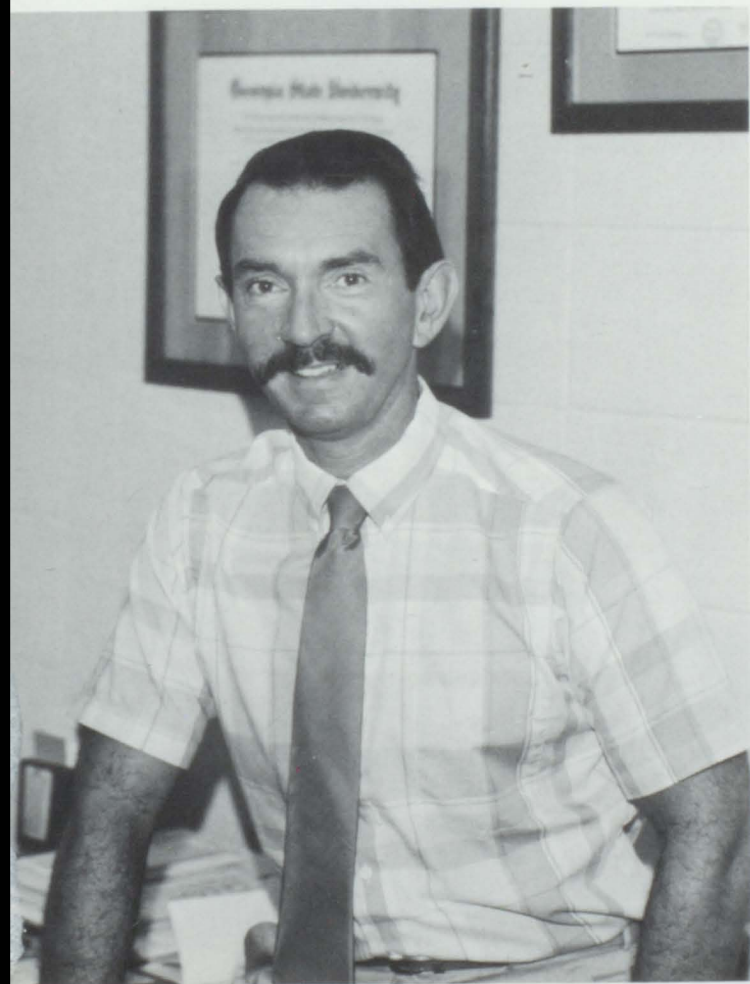

Prior to becoming Assistant Principal, Mr. Pierce taught Social Studies, and has coached football, baseball and softball for the past several years.

*Mr. Jim Ray* (left) became our full-time guidance counselor in 1981, after several years of teaching social studies and directing our drama ensemble.

Under his leadership, our Guidance Department has moved ahead to keep up with the demand for help with college admissions, career counselling and financial aid assistance. The College and Career Center, opened in 1984, is computer-equipped with more than a dozen software programs dealing with study skills, test preparation, personal interests, career inventories, and college exploration.

All of these improvements are visible evidence of Mr. Ray's determination to help every MDS student get the best guidance possible.

# A Time To Say Goodbye

"There is a season for everything under heaven . . . a time for laughter" (Ec. 3:1). As I leave eighteen years of teaching at MDS, I want to pay a special tribute to all those persons who have, over the years, made me laugh! In Sr. Rosina's office there is a delightful picture of a circus clown. A modern writer and philosopher, Henri Nouen, has said that, "the clowns show us by their 'useless' behavior, not simply that many of our preoccupations, worries, tensions, and anxieties need a smile, but more importantly, that we, too, have white on our faces and that we, too, are called to clown a little."

I have discovered some very beautiful clowns at MDS — among students and faculty — clowns who have not taken themselves too seriously; who have been willing to make fools of themselves for the amusement of others. What treasures these people are!

So, as a farewell and a thank you to MDS — its students, staff, and administration — I want to recall all those class clowns that I have loved — the entertainers — the Steve Martins, the Elvis impersonators, the dancers, the Tweedle Dums and Tweedle Dees; the Professor Higgins and Col. Pickerings; the musicians, those who took "suppository writing"; Gladys Knight and the Pips, the Seven Dwarfs, the Mouseketeers, the Dizzy Izzies; the classroom artists; the joke tellers; the actors; the spinners of yarns about "why-I-didn't-do-my-homework"! All of you have helped my too serious self to be revitalized and eternally grateful. Good Bless You.

*Sister Grace Marie, RSM*

# Mt. de Sales Mixed Chorus

Mrs. Donna Washburn, MDS Mixed Chorus Director.

52/Chorus

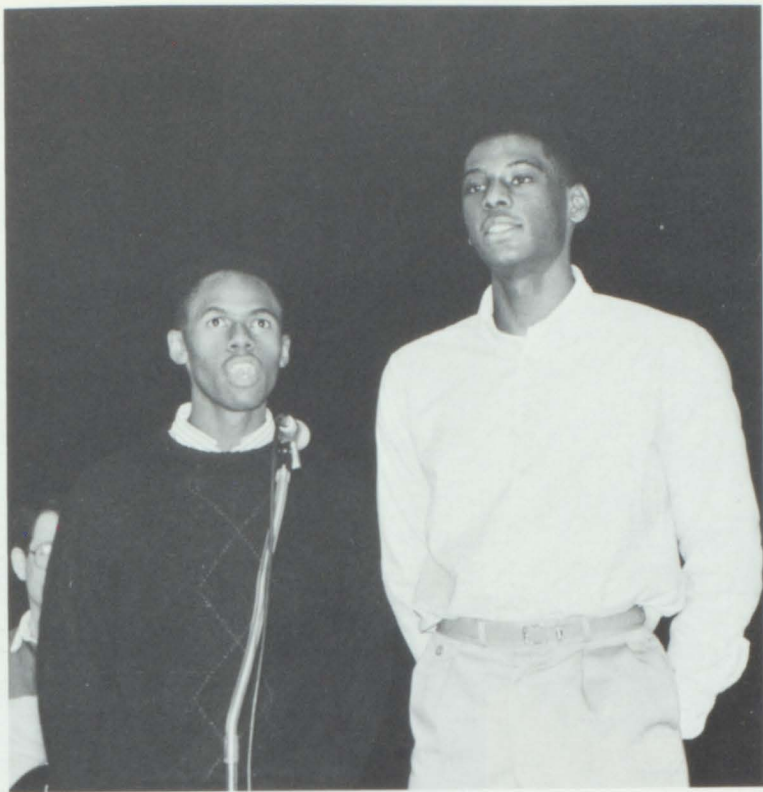

In its second year of existence, the Mt. de Sales Mixed Chorus enjoyed great success, performing in a variety of places, to appreciative audience.

The Chorus led the student body in a flag-waving rendition of "You're A Grand Old Flag" at our Constitution Day observance in September (*above left*).

The Chorus also performed publicly during the Christmas season, during Black History Week, and at a chorus Festival in early March.

Pianist Leann Hardison and trumpet soloist Ben-Darrell Walker performing on Constitution Day.

The Chorus and these soloists provided us with a great performance during Black History Week. Featured soloists (clockwise from upper left): Ivan Allen and George Cleveland sang "Joshua and Moses"; Ben-Darrell Walker sang "Oh, Happy Day"; Sudonna Booie and the ensemble performed Lionel Richie's "Jesus Is Love"; Crystal Walker soloed on "Amen", and in the day's most-applauded moment, Ivan and Carla Bailey sang Atlantic Starr's "Always"

The moment of recognition that every Homecoming candidate awaits arrived for Shannon and her father, Fred Baker.

# Homecoming 1987

1987 Homecoming Queen Shannon Baker.

Homecoming Court: Pam McCune, Kendal Schmidt, Summer Wellborn, Shannon Baker, 1986 Homecoming Queen Abbey Mullaney, Nichelle Singleton, Monica Myhand.

The traditional bonfire helped get everyone revved up for our Homecoming game against Windsor.

## *Friday Knight Funnies at MDS*

Cartoon characters and Homecoming candidates made for a memorable kickoff to Homecoming week. Seated are Mark Hughes, Shannon Baker, Kendal Schmidt, Monica Myhand, Nichelle Singleton, Summer Wellborn, Pam McCune, Michael Clark. Standing are Chad Collier, Tommy Union, Andy Dopson, Brad Scott, David Prati, Chris Sutton, Matthew Garvin, Richard Webb, Yauun Pounds, Marc Rando, Steve Pierce, George Cleveland, Brian Martin.

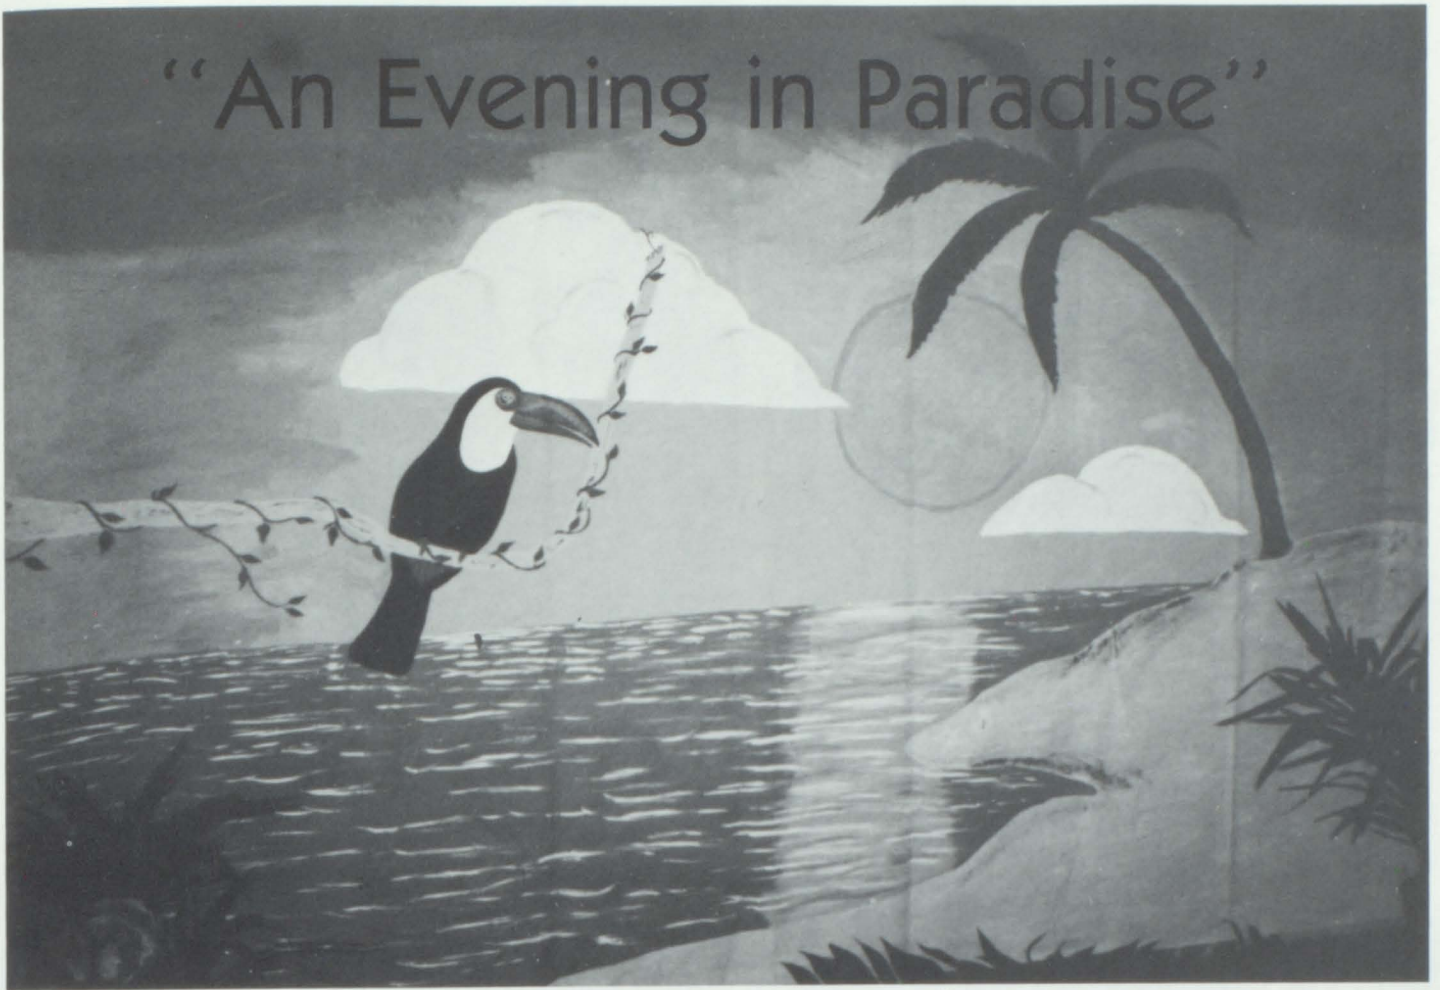

Bam-Bam and Monica make their way to the stage.

Scenes from Dress-Up Day: (left) Costume winners who came in groups included the Three Little Pigs, Opus and Bill the Cat; and the California Raisins, who heard about Dress-Up Day "through the grapevine"; (below left) individual costume winners were Stacey Tolbert, Wade Register and Patrick Meyer; (below right), The Wicked Witch of the West and Kermit the Expectant Frog enlivened the scenery in St. Joseph's Hall.

# Debate

Our 1987-88 Debate Team finished second in both Region and State competition. This year's National Debate question was: "Resolved: That the United States government should adopt a policy to increase political stability in Latin America."

At the Macon Invitational tournament in October, the team of Kathy Koski and Tina Valdecanas finished in second place, while Gail Pagala earned a second place speaker's award.

At the Wiregrass Tournament in Tifton in November, the Novice team of Tanya Lewellen, Beth Peery, Trisha Hinman, and Keri Powell won first place.

At the Region and State tournaments, Melanie Modena and Gail Pagala were the Affirmative Team and Kathy Koski and Tina Valdecanas were the Negative team.

Debate is a demanding discipline. It requires quick thinking, exhaustive research, and well-developed speaking skills. Our debaters worked hard for their accomplishments, and we salute them.

Our Varsity Debate Team: Melanie Modena, Gail Pagala, Tina Valdecanas, Kathy Koski.

1987-88 Debate Team (front row): Keri Powell, Angela Sands, Tanya Lewellen, Gail Pagala, Beth Perry, Kathy Koski, Jennifer Rubin. Back row: Ivan Allen, Doug Bush, Michael Clark, Brian Martin, Kathy Harings, Kathy Fraga, Trisha Hinman, Melanie Modena.

# Drama

Under the direction of Miss Anne Rigby, the MDS Drama Ensemble showcased two different and distinct dramatic styles in the past two years.

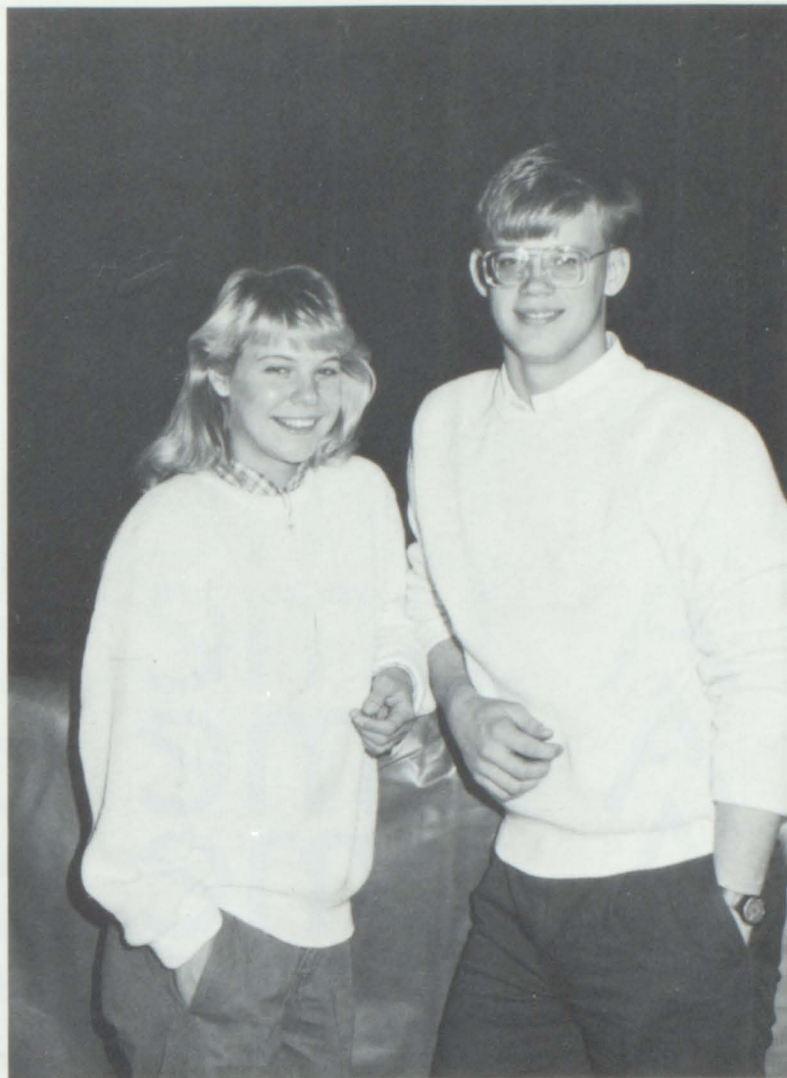

In the spring of 1987, the ensemble performed *You're A Good Man, Charlie Brown*. A bright and cheerful musical, the show was enthusiastically received by parents, teachers and students. Pictured above is the cast: George Cleveland, Angel Kimsey, Stacey Vestal, '87, Kathy Harings, Brian Martin and Kerry Ezzell. # A Time For Remembering

Now that these annuals are finally here, we are overpowered by a sense of "instant nostalgia", as we recall the tapestry of events that make up our years at Mt. de Sales.

Our first day at our new school was Orientation Day, August 17, 1984, and we learned which doors could be used, and which side of the halls to walk on. Sister Fidelis taught us how to sing the Fight Song (and how to clap in time!). We also learned how to sing our prayers.

Three boys in our class - David Prati, Brian Rubin and Stan Stanley - earned a distinction that will live forever, as the first students to ever drop a television set while returning it to the library. We became the only class in memory to have four English teachers in one year - Mrs. Brown, Mrs. Peery, Mr. Vullo, and Mrs. Claxton. Does anyone remember the book report we had to write for Sister Fidelis?

We had the same kind of enthusiasm as every freshman class. We won Homecoming and Fun Night; with our classmates we watched in dismay as our boys basketball team played for the State Championship and lost to Savannah Christian. By one point.

In our sophomore year, we dissected frogs, crayfish, earthworms, starfish and even conducted blood tests to determine our own blood types. It was in that year, too, that our Debate team went to Harvard. Not only did MDS flourish academically, but athletically, too - it was the first year for varsity soccer, and our first team advanced to the state championship tournament, finishing

in third place. Our softball team won the state championship, the first state championship of any kind for girls athletics at MDS. These teams, and all of our others, were cheered on by our new pep club. Though we prided ourselves on our accomplishments, that year will always be remembered as the year of the space shuttle disaster. Do you remember what class you were in when Sister Fidelis made that announcement of the explosion, and that everyone aboard had died?

August 1986, and we were upperclassmen at last, free to spend our study halls, outside. In Washington, we became aware of a major scandal, and we first heard the names that have since become familiar - Oliver North, John Poindexter, William Casey, and Richard Secord. Closer to home, our boys basketball team had a perfect season, until the first round of the state tournament. We had the pleasure of working with Mr. McLachlan, Mrs. Fry, Mrs. Weston, and Mrs. Peery on Junior-Senior Prom, "An Evening in Paradise." Our new chorus entertained us, and Tina Valdecanas became the first junior to take Foreign Relations - EVER! Changes took place in our junior year, too. Our Deacon, Mr. Hutnick, went as a missionary to Micronesia. Sister Pat went to Savannah to teach at St. Vincent's, and Sister Fidelis announced her resignation. But the biggest change of all was that we became seniors. The theme of our Moving-Up Day was expressed when we sang:

*Lean on me,  
When you're not strong,  
And I'll be your friend.  
I'll help you carry on.*

And then we were seniors. As we walked onto the campus for our final year, we found a new middle school, and a new name for MDS - "Academy". To our delight, we found that Mrs. Tate was our English teacher, for the second time in three years. At least we didn't have to break in a new English teacher!

Do you remember when Mark Hughes was reincarnated as Brian Martin during Homecoming Week? Homecoming was great, and we had some terrific pep rallies, but our football team struggled through a difficult season, one in which they did not achieve what they wanted.

As the year came to a close, it became known as the year of couples. Jim and Tammy Bakker, Gary Hart and Donna Rice, and Oliver North and Fawn Hall all became symbols of a year of scandals. In this same year, many new words became fixed in our vocabulary. We learned the meanings of *dry*, *dweeb*, *floyd*, *bearded* and *shick-ed*. We also learned new memory techniques (from Mr. Jerry Lucas), and we hoped against hope that we could learn Physics and Foreign Relations by making pictures!

It was a year when a bomb threat forced evacuation of the school. Fortunately for us, it occurred on December 8th, so we went to Saint Joseph's Church for a combination bomb shelter and Mass celebrating the feast of the Immaculate Conception. Then in January, two days of snow and ice locked us into a frozen tundra.

And now the year has come to an end. It was best captured for us by Ivan Allen:

*I won't be afraid, I won't shed  
a tear, Just as long as you  
Stand by me.*

*Michael Clark & Kathy Harings*

Neither of these people is entirely sure of what the other just said.

"Dry!"

# A Time For Us

Ivan and George provided us with some of our best moments.

In our Homecoming skit, Paul Ciaccia emerged from . . .

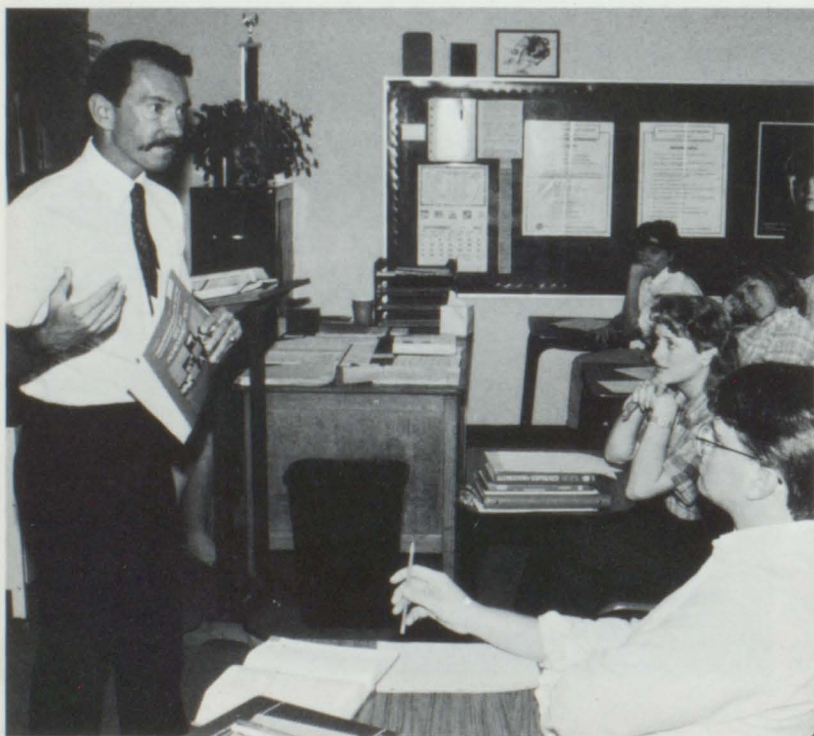

. . . Andy Dopson's anxiety closet.

"Ssshhh! Kinman's studying for his Foreign Relations test!"

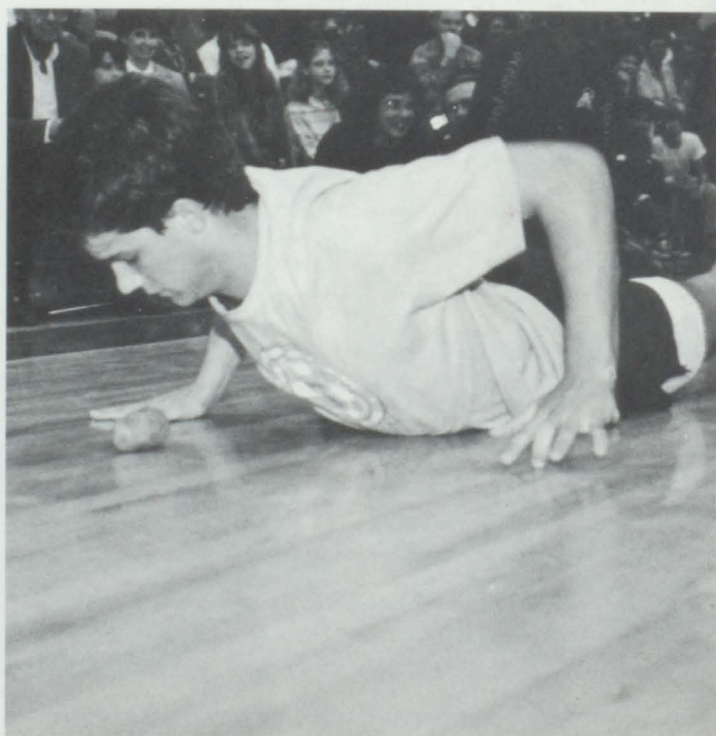

Mr. Ray helped us get ready for college applications, SAT tests, and financial aid applications. We owe him our thanks.

Our last Homecoming. We beat Windsor . . . remember?

Our softball team came through when it counted.  
"Good heavens! It's a potato!"

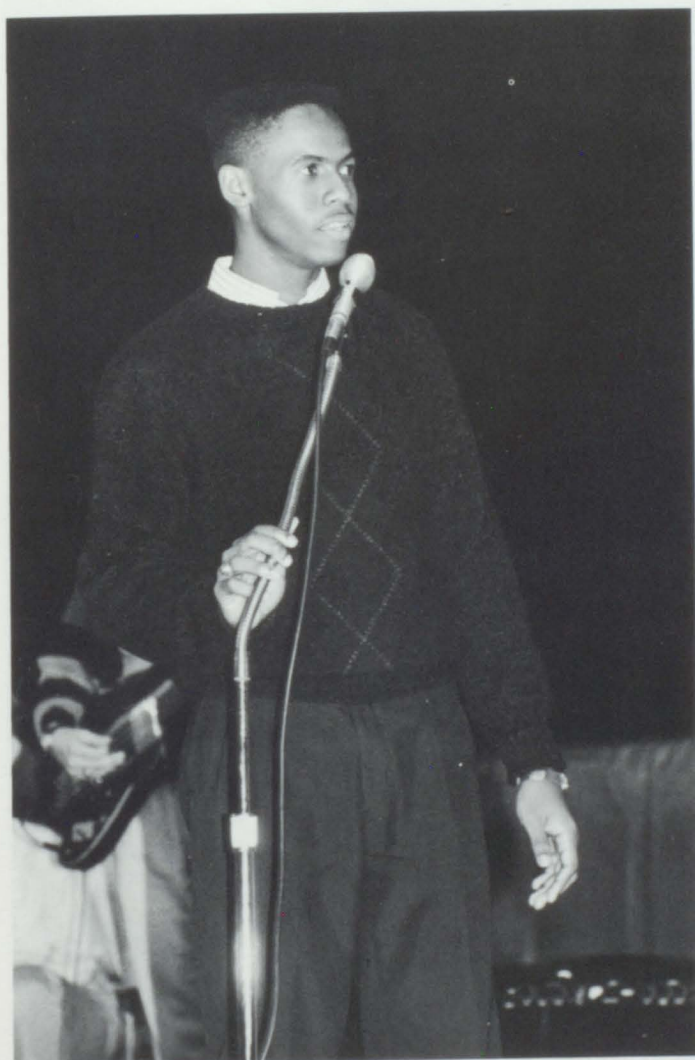

Class President Michael Clark welcomed us to the Mass of the Holy Spirit.

"Are we having fun, yet?"

Ivan Allen provided us with one of the great moments of the year.

"SENIORS RULE!"

Our next homecoming won't be as special as our last.

You shall know the Truth,  
and the Truth shall set  
you free. John 8:32

The Book of Ecclesiastes teaches us that "to everything there is a season, and a time for every purpose under the heavens," and we know this to be true. The earth revolves around the sun, giving us the changing of the seasons, with their reminders of the cycles of life. We learn to adjust our lives and our activities from day to night, and through spring, summer, fall and winter.

But there is never a time when truth is out of season.

Yet the world around us can certainly offer us some bewildering varieties of the truth.

Lieutenant Colonel Oliver North told the "truth" about the Iran-Contra affair before the Congress in July, and his version of the "truth" differed remarkably from what others had said about the same events.

Gary Hart told the "truth" about his relationship with Donna Rice, then retold the same "truth" at least twice in different settings.

Jim and Tammy Bakker told the "truth" about Jim Bakker's relationship with Jessica Hahn; the seamy underside of the Bakker's feud with Jerry Falwell soon dominated the nation's consciousness, and we were left to decide what the "truth" of that whole affair was.

Many times over the past year, we have been required to choose between different versions of the truth, as though it were a commodity offered for sale in the marketplace of ideas.

Since the dawn of time, mankind has searched for the truth. That search has led to discoveries great and small; to mathematical truths which are certifiably "true"; to the gifts of science which allow us to appreciate the universe in which we live; to the beauties of the arts, which ennoble us and give us pause to enjoy the "truth" which expresses itself in the hearts of men. So what have you learned here on this old campus with its traditions and its permanence?

## *the last word*

I hope that you have learned the simplest truth, which is at the same time the most profound. That truth is that the Kingdom of God is here for us all, in the person of Jesus Christ, who spoke the truth as it has never been spoken before or since.

The truth that Jesus spoke of was difficult for His Apostles to understand, at first. They struggled with the concepts that He taught them, as we struggle with them even today. What are the meanings of heaven, sin, salvation, grace, and obedience?

The answers to every question that we can pose are contained in the simple truth that He left us. The Apostle John left it to us in his first Epistle:

*Let us love in deed and in truth, and not merely talk about it. This is our way of knowing that we are committed to the truth and are at peace with Him.*

Go in peace, then, committed to the truth, knowing that the will of God will never lead you where the grace of God will not keep you.

A black and white photograph of four men in clerical attire standing on the steps of a church entrance. The entrance features a large, ornate arched doorway with intricate tracery. The men are dressed in dark suits with white clerical collars. They are standing in a row, smiling at the camera. The church's architecture includes large columns and a decorative pediment above the door.

# WHAT WILL YOU KEEP OF THE MILLION DOLLARS YOU'LL EARN IN YOUR LIFETIME?

If you work for 40 years at an average of \$25,000 a year, you'll earn a million dollars in your lifetime. But how much you'll be able to enjoy it depends on how wisely you manage it.

At Jefferson Standard, we're specially trained to advise you about a number of insurance and investment opportunities. So, together, we can build a financial plan that's right for you.

You see, the key to financial planning is diversification. Which is why we offer money market funds, IRAs, pension plans, insurance and more.

For more information, call your Jefferson Standard agent.

Because when you earn big money, you shouldn't end up with small change.
